RE: Software Developer, Junior Developer Computer Hardware, Programming, IT Intern

Dear Hiring Professional,

As an astute student with critical thinking proficiency and Junior Developer experience, I believe that my professional background and industrialist drive make me an ideal candidate to fit for this role.

I thrive in high-pressure and fast-paced situations, striving for positive results by applying my software development and programming abilities. Further, I possess expertise in hardware and software installation and acumen for maximizing performance and inspiring colleagues. I am able to visualize success and identify unconventional yet highly effective strategies for achieving it.

I have skillfully balanced organizational objectives and productive relationships, strategizing and recommending ways in which to achieve and maintain a competitive business edge. My problem-solving and collaboration talents have supported my professional growth.

Enclosed, please find my resume for your review. I will look forward to contacting you within the week so we can discuss the next steps in your hiring process. In closing, thank you for your time and consideration of my candidacy.

Sincerely,

Krishaan Bhagat
